20.25.17	<p>To receive Correspondence</p> <ul style="list-style-type: none"> Looking through the Go Local magazine and reading the Stainland and District Parish Council page, I was interested to read that a suggestion had been made to make improvements to the Cat Steps linking Holywell Green to Jagger Green. I would be interested to join a volunteer group, if that is what is in mind, and help with clearing and repairing the path, steps and walls. It is my favourite walk in this area and it would be good to see the Cat Steps in a better and safer condition. I have just been reading your article in the recent edition of GoLocal and I just wanted to say how excited we are to here that the slide is soon to be reinstated at Stainland Memorial Park. I noticed you are planning on consulting residents on reinstating the wooden foot bridge and wildlife pond. Would you be able to advise how you consult residents and who you class as residents? We live in Stainland and I have many fond memories of playing around that pond from when I was younger. I really hope this is something that goes ahead.
